IN THE HEART OF THE HEART OF THE MOMENT

Alexandra Waierstall

In The Heart Of The Heart Of The Moment is an open invitation to contemplate, process and, most of all, feel through our times.

This ambitious work is performed by the stunning dynamic range of finely attuned dancers, with every movement reflecting how our bodies are adjusting to rapidly changing social structures.

This performance was made possible thanks to support from Goethe-Institut Ireland and the German Federal Foreign Office.

FROM ONE SKIN TO ANOTHER

Alexandra Paal and Alice Ortona Coles

Alexandra Paal and Alice Ortona Coles showcase the outcome of their creation residency at Tipperary Dance. In partnership with Tanztendenz, Munich.

From One Skin to Another is a struggle to shed a skin, to move forward, to let go. It is the story from cocoon to butterfly, of a snake that sheds its skin.

Maria Nilsson Waller & Stace Gill

Using sound, set, light, movement, video and voice, the stage becomes an animated space that vibrates, shivers, thunders, glitters and glows.

AMAZONE

WIP

Laura Arend

Laura Arend showcases the outcome of her creation residency at Tipperary Dance. In partnership with TROIS C-L, Luxembourg.

The Amazons and the feminist movement share a quest for gender equality, facing resistance in their struggles against patriarchal norms. This duet delves into our connection with the female body, examining the empowerment that contraception brings.
