TIPPERARY DANCE PLATFORM MOOOOVES!

TDP'15 is the 6th edition of the international festival Tipperary Dance Platform. TDP'15 is pushing boundaries, and we are delighted to include The Source Arts Centre in Thurles as a new venue partner in our program.

In past years, TDP has been gathering artists from many countries and cultures. They all have in common a deep dedication to live their art, a strong sense of values and a tenacious desire to sustain and reveal this other side of life: our physical and sensorial experience of the world around us. Emotions, after all, are born in the flesh. Our senses trigger emotions by delivering us the world. Sight, hearing, smell, touch or proprioception bring us life.

When you look at a dancer playing with space, time, rhythm and weight, she/he will surely remind you of a stage in life where everything was yet to be joyfully discovered. Whether you participate in a class or attend a show, you will be looking at someone in motion, you will see their weight accelerate, perceive the rhythms and shapes... and be you seated in a theatre chair, you will be dancing with them.

This is the experience that Tipperary Dance Platform wants to deliver.

We are delighted to invite you to take part in TDP'15. The festival stages a beautiful line-up of pieces and events by outstanding and very carefully selected national and international artists. A programme that offers you shows, goose bumps, workshops, heartbeats, films, and many opportunities to mingle with artists and friends. Opportunities to attend, to participate, or to emerge as an artist.

We thank each of our visiting artists for their contribution, and everyone who supports this project: funders, venue, volunteers, dancers, and friends...

We wish you a warm welcome, and a wonderful discovery of the diversity, professional crafting, and generosity that are at work in contemporary dance: "Nous sommes embarqués!"

Alexandre Iseli and Jazmin Chiodi, directors
